

21 September 2018

LETTER OF APPROVAL

Applicant: Dr Lucia Garrido

Project Title: Predicting faces from voices

Reference: 11967-LR-Sep/2018- 14199-2

Dear Dr Lucia Garrido

The Research Ethics Committee has considered the above application recently submitted by you.

The Chair, acting under delegated authority has agreed that there is no objection on ethical grounds to the proposed study. Approval is given on the understanding that the conditions of approval set out below are followed:

- A18 - Advert - Please add to your advert for the study that is part of your work at Brunel University London and that it has been approved by the College of Health and Life Sciences Research Ethics Committee and both the date of approval and the expiry date (your end date). Saying it has had ethical review without any naming and dates is insufficient. There is currently nothing to attach the study to BUL.
- The agreed protocol must be followed. Any changes to the protocol will require prior approval from the Committee by way of an application for an amendment.

Please note that:

- Research Participant Information Sheets and (where relevant) flyers, posters, and consent forms should include a clear statement that research ethics approval has been obtained from the relevant Research Ethics Committee.
- The Research Participant Information Sheets should include a clear statement that queries should be directed, in the first instance, to the Supervisor (where relevant), or the researcher. Complaints, on the other hand, should be directed, in the first instance, to the Chair of the relevant Research Ethics Committee.
- The Research Ethics Committee reserves the right to sample and review documentation, including raw data, relevant to the study.

Professor Christina Victor

Chair

College of Health and Life Sciences Research Ethics Committee (DLS)
Brunel University London
