Dear Alessandra,

I have now approved the pilot. Val, could you please log that this pilot study is approved as an extension to the previously approved project.

Yulia

Subject: ethic info

Dear Yulia

Hope this email finds you well.

I am getting in touch as I am planning to collect data from a few participants (10) for a pilot.

The pilot is based on the previous study I have worked on (for with I have been granted ethical approval in Sep 2016, a copy is attached). The only difference between the pilot and the previous study is that the former has more questions in the last memory test, however the procedure, including consent and debrief, and type of participants are exactly the same.

I am wondering if I have to put in place an amendments/extension for the pilot, or this would not be necessary due to the minor change I have made.

Mail – a.caso@gold.ac.uk

Many thanks
Best wishes

Ale
